INVITATION

BPH Surgery – Individual Concepts

May 5th & 6th, 2022

Masterclass on BPH

Berlin, Germany

- Tailored surgery: Holmium Laser Enucleation, Thulium Fibre Laser, REZUM
- Reducing and flattening the learning curve
- National and International Mentoring Concepts

Introduction

Live surgery, presentations and a NEW virtual reality HoLEP Simulator will be on - hand for training.

The course is a comprehensive scientific meeting for clinicians and nursing staff, provided by well-recognized experts. The course will focus on anatomic endoscopy enucleation of BPH. We provide different enucleation techniques with different energy sources. In the end an expert panel will discuss the decision making of tailored BPH surgery.

Upon successful completion of this course, you will be able to move to the mentoring proctorship program in the HoLEP enucleation technique and become one of the growing number of surgeons offering the surgical paradigm of enucleation to their patients with the safety, security and efficacious outcomes that come from offering the new gold standard treatment for BPH.

The Faculty

Tobias Bothmann

Head Laser surgical department, Humboldt-Klinikum Berlin, Germany

Tevo Aho

Consultant Urologist, Cambridge University Hospitals NHS Foundation Trust and Princess Grace Hospital London, UK

Cesare Scoffone

Director of the Urological Department, Cottolengo Hospital Torino, Italy

Fernando Gómez Sancha

ICUA - Clínica CEMTRO Madrid, Spain

Vaughan Daniels-Hepnar

Health Systems Trainer Lead, NHS Foundation Trust Manchester University, UK

Hannes Cash

PROURO - Berlin, Germany

Programme

Thursday, 5th May, 2022

- 09:00 Registration
- 09:30 [Welcome](#)
Tobias Bothmann
- 09:35 [Laser physics, tissue interaction and safety](#)
[The MOSES technology basics and energy sources for BPH](#)
Vaughan Daniels-Hepnar
- 10:00 [The therapeutic ladder](#)
Vaughan Daniels-Hepnar
- 10:30 [Surgical techniques:](#)
[HoLEP](#) Tobias Bothmann
[SOLTIVE](#) Cesare Scoffone
[Rezum](#) Tobias Bothmann
- 11:30 [Live case: HoLEP 40-60g](#)
Tevo Aho - 2 lobe - day surgery
- 12:00 Lunch
- 13:00 [Live case: SOLTIVE](#)
Cesare Scoffone
- 14:00 [Evidence - approach:](#)
[SOLTIVE](#) Cesare Scoffone
[HoLEP](#) Tevo Aho
[REZUM](#) Tobias Bothmann
- 15:00 [Live case: Mentoring HoLEP](#)
3 lobe
- 16:00 [Tips and tricks - theater set up:](#)
[SOLTIVE](#) Cesare Scoffone
[HoLEP](#) Tevo Aho
[REZUM](#) Tobias Bothmann
- 16:30 Closing Q & A and remarks

Friday, 6th May, 2022

- 09:00 Registration
- 09:15 [Welcome](#)
- 09:30 [Live case: MoLEP - one lobe](#)
Fernando Gómez Sancha
- 10:30 [Day surgery](#)
[HoLEP: Results - Pathways for success](#)
Tevo Aho
- 11:00 [Surgical technique:](#)
[MoLEP en bloc enucleation](#)
Fernando Gómez Sancha
[Greenlight Laser Vapoenucleation](#)
Hannes Cash
- 11:30 [Live case: HoLEP - the large Prostate](#)
Tobias Bothmann
- 12:30 [Difficult and challenging cases](#)
[SOLTIVE](#) Cesare Scoffone
[HoLEP](#) Tevo Aho, Fernando Gómez Sancha
- 13:00 Lunch
- 14:00 [Live case: REZUM](#)
Tobias Bothmann
- 14:30 [Panel discussion:](#)
[the patients journey - decisions of tailored surgery](#)
Tevo Aho, Fernando Gómez Sancha,
Cesare Scoffone, Tobias Bothmann, Hannes Cash
- 15:00 [Holmium Training Programm](#)
[Vivantes Humboldt-Klinikum, Berlin](#)
- 16:00 [Q & A closing remarks](#)
